Stewart Access 2.2.8 Release Notes

Stewart Access 2.2.8 includes enhancements and defect fixes for *Stewart Access Portal and Express*. This document provides users with a highlight of the defects that have been corrected.

Deployment Date: June 21, 2019

New in This Release (Portal)

An overview of new features and modifications to Stewart Access Portal 2.2.8 include:

- Being able to **Generate**, **Cancel**, **Copy**, or **Revise CPLs** with a **Municipal Code** on properties in States that **require** the Municipal Code.

- Being able to **Save** or **Issue** a **Jacket** with a **Municipal Code** on properties in States that **require** the Municipal Code.

- Being able to **Create** a **Post-Policy Endorsement (PPE)** with a **Municipal Code** on properties in States that require the Municipal Code.

- In *File Module*, you can now **add** a **Municipal Code** on a File Property.

- Character limit of the *Successor Language* field within **Lender** has been increased from **200** to **500** characters.

- Fixed a defect where **Cancelled Companies** in **grace period** were not being displayed in the *Agency* drop-down list.
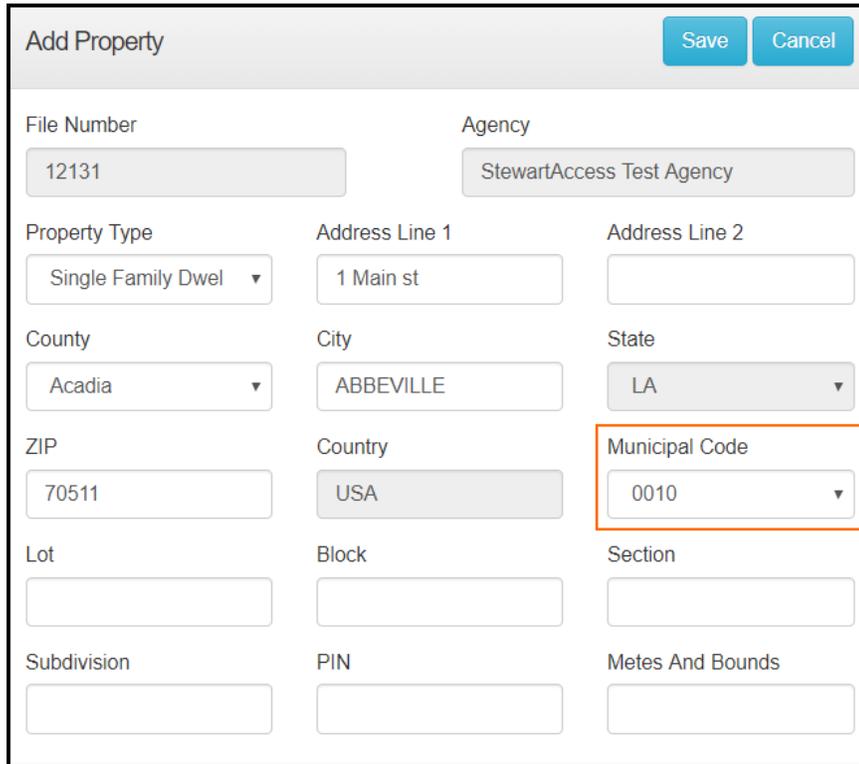

New in This Release (Express)

An overview of new features and modifications to Stewart Access Express 2.2.8 include:

- Character limit of the *Successor Language* field within **Lender** has been increased from **200** to **500** characters.

Closing Protection Letter (CPL) – Municipal Code

Within the *Properties* tab in **CPL**, you can now add a **Municipal Code** on properties in **States** that require the **Municipal Code**. A **default value** will be displayed based on either **City and State** or **County and State**. A different value can be selected **manually** from the drop-down menu, or you can leave this field as **blank**. Adding a **Municipal Code** on properties within CPL is **optional**.

Jacket – Municipal Code

Within the *Properties* tab in **Jacket**, you can now **Save** or **Issue** a **Jacket** with a **Municipal Code** on properties in **States** that require the **Municipal Code**. By **default**, the **Municipal Code** will be displayed based on the **County** and **State**. This code will appear once you enter a **City**. A **Municipal Code** can be selected **manually** from the drop-down and **cannot** be left blank as it is a **required field**.

Post-Policy Endorsement (PPE) – Municipal Code

Similar to **Jacket**, you can now add a **Municipal Code** to your **Property** in **Post-Policy Endorsements**. By **default**, the **Municipal Code** will be displayed based on the **County** and **State**. This code will appear once you enter a **City**. A **Municipal Code** can be selected **manually** from the drop-down and **cannot** be left blank as it is a **required field**.

File Module – Municipal Code

In the *File Module*, you can now add a **Municipal Code** on a **File Property**. This field can be left as blank, as it is an **optional field**.

Lender – Successor Language Character Limit

Under the *Lender* tab, the character limit of the **Successor Language** field has been increased from **200** to **500**. This will allow you to write more details in this field.

Defects

Cancelled Companies in grace period

Cancelled Companies there were in **grace period** were **not** being displayed in the *Agency drop-down* when the **End Date** in the **User Assignment** was **before** than the current date. This issue has been **resolved**.

Additional Information

Training

More information about Stewart Access functionality is available in the Stewart Access Online Help. For additional training and documentation including Quick Reference Cards, please see the [Stewart Access Training Center](#).
